

## BLACKS TO LIVE IN SEPARATE DISTRICT

Commissioners Pass Ordinance Providing for Residential Segregation.

### LEGALITY IS TESTED

No Fight Expected and Enforcement Will Be Easy, Say City Heads.

After investigating every legal phase of the matter and with an abundance of matter for us to base any attempt is made to fight the legality of the proposition, City Attorney John B. Meeserve and Assistant City Attorney John Woodard presented for the commissioners the ordinance, the most ordinance relative to race segregation in the residence section of Tulsa at yesterday morning's meeting of the city commissioners.

This matter has been under consideration by the legal department for some weeks, but any final action was delayed until all data on the matter was secured from several of the leading cities in the country where the same sort of a law has been placed in operation.

This law, which restricts the occupancy of residential blocks to a race by which it is already occupied, providing that race occupies at least 75 per cent of the whole, will become effective as soon as it has been legally placed upon the ordinance books of the city.

The law also provides that where a block is occupied by whites, to the extent of 25 per cent, or the whole population of that block increases, will not be permitted to reside in the blocks except they be servants, employed at least two days of a week on the property of the block.

The president for this law was established by Louisville, Ky., and a fight which was made when it is some opposed, the city ordinance was held to be unconstitutional by the Kentucky attorney.

No fight, however, is expected to develop on the ordinance in this city and its enforcement, the commissioners believe, will be an easy matter.

### GUARD IS COURT-MARTIALED

Hugh Clark Sent Home Complaints of Neglect of Men by Officers.

COLUMBUS, N. M., Aug. 4.—Hugh Clark, a recruit of the Second Massachusetts Infantry, was placed in the stocks tonight for writing and sending to his parents an article in which he accused his company officers of neglecting the men.

This article was printed in *Holyoke Mass.* on July 29, wherein the war department sent the clipping to Columbus, ordering a strict investigation of the charges.

After questioning Clark the officers of his regiment placed him under arrest for making false and misleading statements. A general court-martial has been ordered for tomorrow to sit in his case.

### A HUMOROUS WRITER

Must Have Brains—Here Is One.

A healthy humorist gets off good things even in business letters. Here is a good sample from the pen of James E. Wallace:

"While this is unclassified, I would be glad to have you print my testimonial—your valuable sheet among other testimonials. Will say I had the misfortune about two months this winter and tried your Haye Specific and I never found anything like it and the work paid. I tried Haye Specific and I must say it does the work, as I find that Haye Specific and Matera work together."

I expect to keep Haye Specific in my house. The children won't eat for it, as some say, but I find after they take a few doses they begin and grow because they feel good after taking two or three doses."

JAMES E. WALLACE.

### WAKEFIELD'S BLACKBERRY BALSAM

is and has been for 70 years the most prompt and reliable cure for Diarrhoea, Dysentery and Cholera Infusum. As these disease often come in the night, every home should be prepared to check them without delay by having Wakefield's Blackberry Balsam on hand. It never fails. All druggists sell it. Full size bottle 25c.

### POPULAR MATRON TELLS HOW

Wonderfully Taniae, the Master Medicine, Helped Her.

"I shall always be glad I tried your medicine," said Mrs. Maia H. Cox, a well known lady who has resided in Oklahoma City for the past nine years and who now lives at the The Thomas Hotel, 1126 North Robinson street, Oklahoma City. In connection with a statement on Taniae, the new medicine that is惊异着 the country, many homes in Oklahoma Mrs. Cox said: "I believe my whole system was in a catarrhal condition and I suffered greatly from intestinal indisposition—my friends urged me to try Taniae and I am thankful to say, I found quick relief from my suffering and inconvenience from the use of your wonderful medicine. Today I can hardly believe that I am the same woman. The other physician sometimes seem to have disappeared entirely. I am feeling wonderfully better in every way. This is positively the first time I ever recommended a medicine but I would feel disgruntled if I did not do so in this case. The results have astonished me. I had no idea that any remedy could be so beneficial." Taniae is prepared to combat ailments of the liver, stomach kidneys and catarrhal affections. Specifically it is made by the Quaker Drug Company, supplied by the Central Drug Company, Drawnright by Marquette Pharmacy—Adv.

### BETTER THAN SPANKING

Spanking does not cure shingles of bed-sitting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Wash. Head, Ind., will send free to any mother her successful home treatment with full instructions. Send so many letters write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with similar difficulties by day or night.

### NORTH SIDE STRUCK BY BUILDING WAVE

Distinction Against Section Across Tracks Loss in Construction.

\$500,000 AGGREGATE

Business Structures, Magnificent Homes and Offices Going Up.

The Frisco tracks and their connecting lines of traffic have proven no barrier to the wave of construction which is sweeping across the city. The old discrimination against the north side which lies across the railroad tracks is being fast obliterated as is evidenced by the extensive propaganda of building operations now under way in that section.

With the public's acquaintance with the large amount of work which is being done in building circles on the south side, the fact that there are houses erected on the north division street which will be completed with cost in the aggregate more than \$1,000,000 will show that in no part of the city is there a dearth of construction activity.

One of the principal residences now under construction in this section of Tulsa is the magnificent Henry Hornbeck home at the corner of Denver and Capitol which, when completed will represent an expenditure of \$100,000.

This building is located on a high terrace, already under the roof of mud-brick, and one of the prettiest spots on the high plot of ground affording a good view of the entire city. The building as being erected will incorporate many improvements in construction, including built-in ice boxes, cabinets, closets and pantries. The entire first floor will be finished in woodwork.

Tate Brady Builds.

Tate Brady has under construction two buildings, one a business structure of two stories at the corner of Main and Boston streets which will be wholly completed approximately to our satisfaction to his business needs.

Free new residences are being erected on First between Euclid and Peoria, and each will cost more than \$2,000.

E. L. Fox has completed the brick work on the Fox hotel, which is being erected at the corner of Brady and Main, and this building, when completed, will cost about \$16,000.

Among the business structures being erected is that of the Great Laundry company at the corner of Cincinnati and Cameron. The building being erected here will cost more than \$15,000. The same company is having erected at the corner of Victoria and Third a residence which will cost more than \$14,000. Another at 1214 Quaker will represent an outlay of \$2,500.

**Sanitarium Complete.**

The new Sunnyside sanitarium, one of the most modern and complete in the entire state, has just been completed this week at a cost of more than \$25,000. The building is owned and operated by the Misses H. Rose, Rosalie, Rosalie and Rose.

This sanitarium boasts of all the latest features in architecture of such buildings, one feature being the elimination of steps and elevators in favor of the inclining planes by which wheels and chairs may be removed from one floor to another with no inconvenience to the parties.

The Parkersburg Drug & Jewelers is erecting its new warehouse on the Katy tracks at 10th and Division and only delay in the arrival of machinery is postponing the opening of its new machine shop on the Katy tracks at Cheyenne. These two buildings will be among the best in the city. They are built of corru-

gated iron and will cost about \$25,000.

Work was started Friday morning on a 48-foot extension to the building on South Main street occupied by the McClure Hardware company. An additional story will also be added to the structure, making it three stories high. The cost of the improvements will total \$20,000.

the United States on the commission. It is regarded as probable that the American membership will conform in general way to the Mexican delegation. There are no diplomatic or military representatives among the Mexican commissioners, nor any lawyers.

It is probable the discussions will be held in some city near Washington, but where weather conditions are more agreeable.

The text of the note follows:

"Mr. Secretary: I have the honor to transmit to your excellency the following note, which I have just received from my government:

"Mr. Secretary: In due reply to the courteous note of the department of foreign affairs of 1916, I have the honor to say to your excellency that the first chief of the constitutional army in charge of the executive power of the Mexican republic congratulates himself upon the laudable efforts of the American government to arrive at a solution of existing difficulties between the two countries and that effect, considering it of the greatest importance that a prompt decision be reached at the point which separates us from existing differences between the United States and Mexico, referred to in the note of the Mexican government dated July 4, last, has seen fit to appoint once a commission of three persons constituted by Licenciado Luis Cabrera, Engineer Isidro Benítez and Engineer Alberto J. Pani, to whom instructions have been given to devote their attention preferably to the resolution of the present difficulties in the previous note of this department."

"Licenciado Benítez Arredondo has been authorized to treat with the department of state the matter or details relating to the place and date in which the commissioners of the Mexican government should meet the commissioners of the government of the United States in order to commence their labors.

"I refer to your excellency the assurance of my highest consideration, C. Aguilar, secretary of foreign relations."

"I avail myself of this new occasion to renew to your excellency the assurance of my highest consideration, C. Aguilar, secretary of foreign relations."

"Nothing to fight for." The cartoonist tells us an anecdote about a husky colored boy who was being used as a sentinel. "What should Ah go an' be a soldier?" he asked.

"Strong fellows like you ought to fight for their country," said the recruiting sergeant. "Yessah," responded the negro, "dat kind of talk is all right fo' de fahmashun—set 'em tight fo' de country."

"But why shouldn't you fight for your country?"
